

Grassroots Effort FOR ANIMALS OF THE STORM

In early September 2005 **Kinship Circle**, a nonprofit animal advocacy organization, and **Animal Rescue Foundation (ARF)**, a nonprofit no-kill shelter, initiated a relief effort for the animal victims of Hurricane Katrina.

Grassroots Effort for Animals of the Storm mobilizes volunteers and supplies to locations in need. In response to Hurricanes Katrina and Rita, we send veterinarians, vet techs, rescuers, transport services, trained animal disaster relief workers, shelter/foster agencies and others to stricken communities in Louisiana, Mississippi, Alabama and Texas. ARF and Kinship Circle also manage a drop/distribution site for supplies. Items such as food, hay, cages, crates, veterinary meds, equipment, and much more are stored and circulated to storm areas. By October, the Kinship Circle/ARF alliance sent supplies to nearly 80 shelters and rescue missions across four storm states.
